### Highlights

This academic year has been one filled with challenges. We are in District Needs Improvement for LEP math and have reallocated resources to meet those demands.

Reallocating causes further deterioration of an already short budget. By directing more instructional resources to the identified needy areas, concern is that we may be shortchanging another subgroup, causing us more anxiety.

We did manage to get science books adopted to be implemented in the 2005-2006 school year. Now, we need to make certain our instruction is in line with what is required by standards and will be in line with questions on the ISAT.

### Progress Towards Meeting Goals

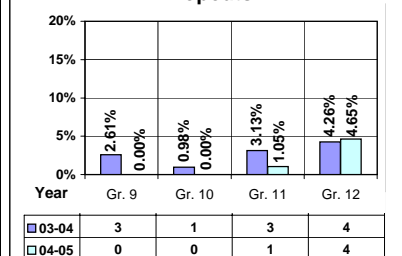

2004-05 Goals	Progress
Improve Reading Scores	Reading improvement continues to be encouraging in our district. Implementing the Reading First Grant. Each grade level made good gains, with third grade making great gains.
21 <sup>st</sup> Century Grant	We continue to struggle—are students making the gains required of them? What can we reasonably expect in after school programs. Next year we'll have an administrator overseeing project. Key emphasis will be on improving student achievement.
Math Improvement	We made gains this year. We are still in needs improvement for LEP subgroup for district. We're working to improve home-school communication and have brought on bi-lingual person to be point person for LEP parents.
